TELECOMMUNICATIONS

IN THE MATTER OF THE PETITION OF QWEST)
COMMUNICATIONS CORPORATION FOR)
AUTHORITY TO PROVIDE INTEREXCHANGE) ORDER
TELECOMMUNICATIONS SERVICES IN THE)
STATE OF NEW JERSEY)

DOCKET NO. TE03030173

(SERVICE LIST ATTACHED)

BY THE BOARD:

Pursuant to N. J. S. A. 48:2-1 et seq. and Section 253 of the federal Telecommunications Act of 1996, 47 U.S.C. §151 et seq., and by letter dated March 7, 2003, Qwest Communications Corporation ("Petitioner" or "QCC") filed a Petition with the New Jersey Board of Public Utilities ("Board") requesting approval for authority to provide facilities-based interexchange telecommunications services in the State of New Jersey.

QCC is a corporation formed under the laws of the State of Delaware. QCC is a wholly owned subsidiary of Qwest Services Corporation, which in turn is a wholly owned subsidiary of Qwest Communications International, Inc. ("Qwest"), a publicly traded company listed on the New York Stock Exchange. Petitioner's principal offices are located at 1801 California Street, Denver, Colorado 80202.

Petitioner has submitted copies of its Certificate of Incorporation from the State of Delaware and its New Jersey Certificate of Authority to Operate as a Foreign Corporation. According to the Petition, QCC was formed to provide facilities-based interexchange telecommunications services throughout New Jersey. On June 29, 2001, per Docket No. TE98121421, the Board authorized QCC to provide local exchange telecommunications services throughout the State of New Jersey. QCC currently provides resold interexchange telecommunications services throughout the State of New Jersey. Petitioner states that it has authorizations to provide local

exchange and interexchange telecommunications services through its own, dedicated facilities, or on a resold basis in all States and the District of Columbia except Alaska.

In its Petition, the Company seeks authority to provide competitive, facilities-based interexchange telecommunications services, both Intra Local Access and Transport Area and Inter Local Access and Transport Area, throughout the State of New Jersey. The Petitioner states that it intends to provide such service through the deployment of its own and dedicated facilities where it is economic and efficient to do so. This service includes direct dial (1+), 10XXX, Dedicated Access Services, 1-800, Calling Card, Cellular Long Distance, Prepaid Calling Card, Dedicated Private Line, Operator Services and Conference Calling. Petitioner further states that if the Board grants the authorization requested in its Petition, QCC will file an initial tariff, which is subject to Board approval. Petitioner states that it maintains a toll-free number for its customer service inquiries.

Petitioner requests a waiver of N. J. S. A. 48:3-7.8 and N. J. A. C. 14:1-4.3 which require that books and records be kept within the State of New Jersey and be maintained in accordance with the Uniform System of Accounts ("USOA"), respectively. In the interest of efficiency and to prevent undue burden, Petitioner requests permission to maintain its books and records in accordance with Generally Accepted Accounting Principles and to keep all books, records, documents and other writings incident to the conduct of Petitioner's business in the State of New Jersey at Petitioner's corporate offices in Denver, Colorado. Petitioner also states, upon written notice from the Board, it will provide its books and records at such time and place within New Jersey as the Board may designate and will pay any reasonable expenses for examination of the records.

Petitioner asserts that approval of its Petition will further the public interest by expanding the availability of competitive telecommunications services in the State of New Jersey. Petitioner also asserts that approval of this Petition will provide New Jersey customers with access to new technologies and service choices and will permit customers to achieve increased efficiencies and cost savings.

With regard to its technical and managerial qualifications, QCC states that it possesses the technical capability and managerial qualifications to operate and manage its telecommunications operations in the State of New Jersey. Petitioner has submitted the professional biographies of its key personnel who, according to QCC, are well qualified to execute its business plans and have extensive managerial and technical experience in the telecommunications industry.

DISCUSSION

On February 8, 1996, the federal Telecommunications Act of 1996, P.L. 104-104, 110 Stat. 56, codified in scattered sections of 47 U.S.C. §151 et. seq., was signed into law, removing barriers to competition by providing that:

[n]o State or local statute or regulation, or other State or local legal requirement, may prohibit or have the effect of prohibiting the ability of any entity to provide any interstate or intrastate telecommunications service.

[47 U.S.C. §253(a)].

Therefore, Board approval of Petitioner's entry into the telecommunications marketplace is required, assuming Petitioner meets all other requirements, including, but not limited to, a demonstration of financial, technical and managerial integrity.

In considering this Petition, the Board recognizes its obligation not to prohibit entry into intrastate telecommunications markets. 47 U.S.C. §253(a). Approval is also in keeping with the New Jersey State Legislature's declaration that it is the policy of the State to provide diversity in the supply of telecommunications services, and its findings that competition will "promote efficiency, reduce regulatory delay, and foster productivity and innovation" and "produce a wider selection of services at competitive market-based prices." N. J. S. A. 48:2-21.16(a)(4); N. J. S. A. 48:2-21.16(b)(1) and (3).

Therefore, having reviewed QCC's Petition and the information supplied in support thereof, the Board FINDS that the Petitioner is in compliance with the Board's filing requirements which are necessary to provide telecommunications services in New Jersey. Accordingly, the Board HEREBY AUTHORIZES the Petitioner to provide interexchange telecommunications services throughout New Jersey subject to approval of its tariff. The Board also FINDS that in accordance with N. J. S. A. 48:2-59 and 48:2-60 and N. J. S. A. 52:27E-61 and 52:27E-62, the Petitioner is subject to an annual assessment by both the Board and Division of Ratepayer Advocate, respectively. The Board notes that the Petitioner will not be permitted to provide telecommunications services until a tariff is approved by the Board.

The Board HEREBY ORDERS that:

- 1) Petitioner file its tariff for Board approval.
- 2) Pursuant to N. J. S. A. 48:2-16.3, Petitioner shall file an annual report as of December 31 of each year, which is due on or before March 31 of the following year.
- 3) Pursuant to N. J. S. A. 48:2-59 and 48:2-60, Petitioner shall file a statement of gross intrastate revenues from operations form (AR3-1) as of December 31 of each year, which is due on or before June 1 of the following year.

On or before February 1st of each year, the Petitioner will receive from the Division of Audits an annual report package and a statement of gross intrastate revenues from operations form for the preceding calendar year. The purpose of these documents is to report the company's financial information and gross intrastate revenues from operations as of December 31 of each year. The annual report and a statement of gross intrastate revenues from operations form is due on or before March 31 and June 1 of the following year, respectively. If Petitioner does not receive these documents, it is Petitioner's responsibility to obtain them from the Board. It is also the Petitioner's responsibility to ensure timely filing of these reports.

Regarding the Petitioner's request for waivers of the Board rules, the Board FINDS that the Petitioner has demonstrated good cause why the Board should grant relief from its requirements that the Petitioner maintain its books and records in accordance with USOA and within New Jersey. Therefore, subject to the Petitioner's continuing responsibility to provide the Board

books and records upon 48 hours notice, and in the manner requested, and to pay to the Board any reasonable expenses or charges incurred by the Board for any investigation or examination of these books and records, the Board APPROVES the Petitioner's request for the exemptions from maintaining its books and records in accordance with USOA and in New Jersey.
